Regional Development Company of Parnonas

Establishment

The Regional Development Company of Paronass (Paronass S.A.) was established on 26.9.1995 and took the form of a Company whose main purpose is the economic and cultural development of Mount Paronass area (Eastern Peloponnese).

It is also the Local Action Group of the **CLLD/LEADER 2014-2020** Program for the Eastern Peloponnese and its headquarter is in Leonidio Arcadia.

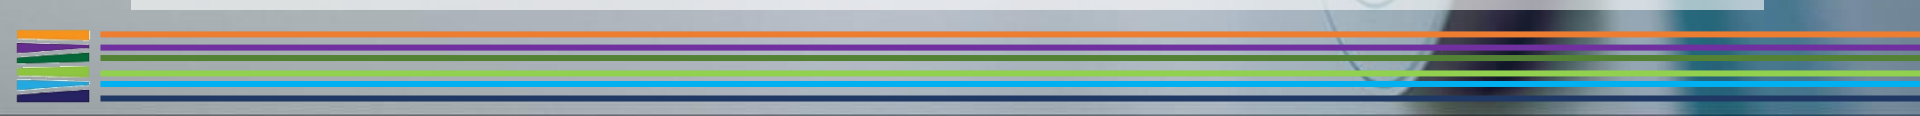

The Company currently operates in the Region of Peloponnese.

For the 2014-2020 programming period, the intervention area for the implementation of the local CLLD / LEADER program includes 13 local authorities, in the prefectures of Argolis, Arcadia and Laconia, with a total area of ~ **9,500km²** and a population of **149,029** inhabitants.

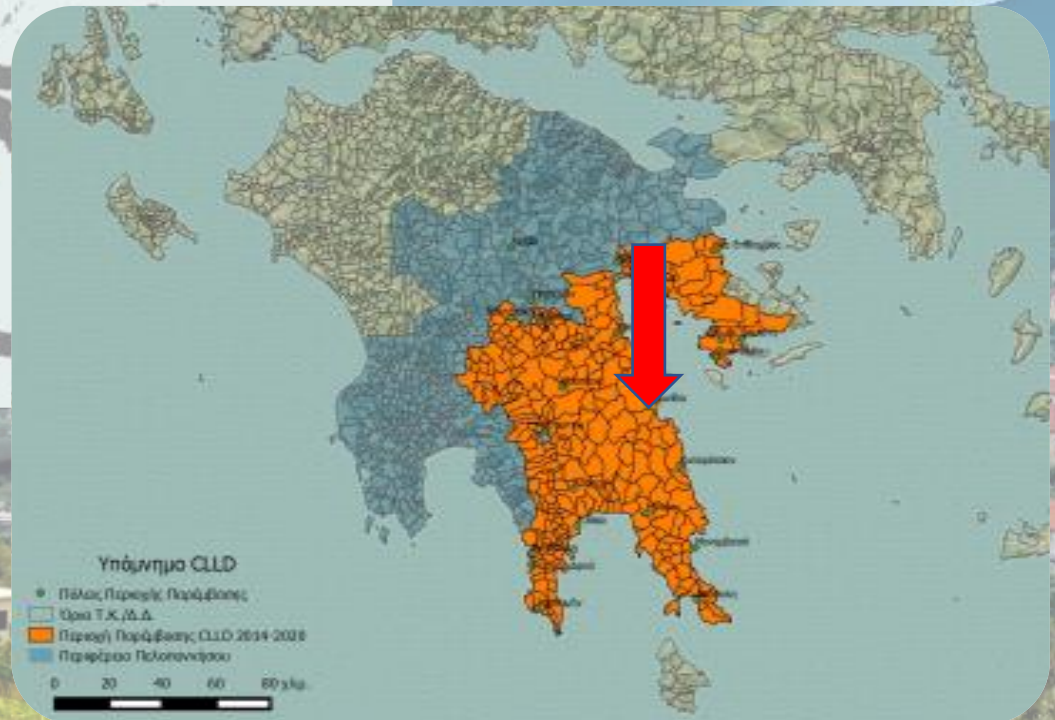

The Company's objectives are:

- 
- a) scientific and technical support to local government and their associations as well as decentralized state administration,
 - b) the promotion of entrepreneurial, economic and generally sustainable development of Municipalities of the Peloponnese Region, ie the Prefectures of Arcadia, Argolida, Lakonia, Messinia and Korinthia
 - c) the development of environmental protection activities,
 - d) its participation in programs and the implementation of relevant policies at inter-municipal level or in a wider geographical area.

Its main areas of activity are the implementation and management of national and co-funded projects and programs, the provision of technical support services to local authorities and other public bodies, the development of studies and programs for projects and services for local government and other public bodies, the implementation and promotion of social policy actions.

Location

ESTIMATED BUDGET:	80.000,00€
DESCRIPTION:	<p>Main objective of the project is the creation of communication tools through know-how exchange, with the aim of disseminating information to local communities in relation to the recognition of the value of sites in the process of their certification as a Biosphere Reserve by UNESCO and during the implementation phase of the project.</p> <p>Transnational partners:</p> <ul style="list-style-type: none"> • LAG Regional Development Company of Parionas- Coordinator • Lag Hiiumaa Leader from Estonia • LAG Saaremaa Island from Estonia

Transnational Cooperation Projects (New)

	PARKS PROTECTION III – MANAGEMENT , PROTECTION AND ECONOMIC DEVELOPMENT OF PROTECTED AREAS (ONGOING PROJECT)
ESTIMATED BUDGET:	292.500,00€
DESCRIPTION:	<p>The Project presents continuation of “PARKS PROTECTION II”, which took place in the previous programming period 2007-2013 , and was presented as an example of good practice in the official page of the European Network for Rural Development. The project seeks, through the management and landscape conservation of protected areas and conservation of timeless cultural wealth (local dialect, traditions, local products, etc.), further environmental, cultural and touristic development of partner regions. The coexistence of these elements ensures the conditions characterizing a region as a Biosphere Reserve.</p> <p>Transnational partners: LAG Regional Development Company of Parnonas-Coordinator, LAG Attica Islands Network from Greece, LAG Napoca Porolissum from Romania, LAG Dobeles District Rural Partnership from Latvia, LAG Fruska Gora-Danube from Serbia</p>
	SHORT MEDITERRANEAN STORIES II (ONGOING PROJECT)
ESTIMATED BUDGET:	230.000,00€
DESCRIPTION:	<p>The Project presents continuation of “Short Mediterranean Stories”, which took place in the previous programming period 2007-2013. Main objective of the project was to create a common cultural action for Mediterranean people, through the enhancement of regions that have an important cultural and gastronomic wealth and interesting natural and social environment.</p> <p>The ultimate goal for the new programming period is the establishment of institutions and events in the participating regions as well as effective networking of regions through partnerships and exchange.</p> <p>Transnational partners: From Greece LAG Regional Development Company of Parnonas-Coordinator, LAG Dimosineteristiki "EVROS", S.A, LAG Achaia SA, LAG Development Agency of Olympia S.A., LAG Attica Islands Network and LAG Pinhal Maior from Portugal.</p>

Leonidion Climbing Park

A good practice of Local Program LEADER 2007-2013

Municipality of South Kynouria is a place that earns the interest whoever visit it for first time.

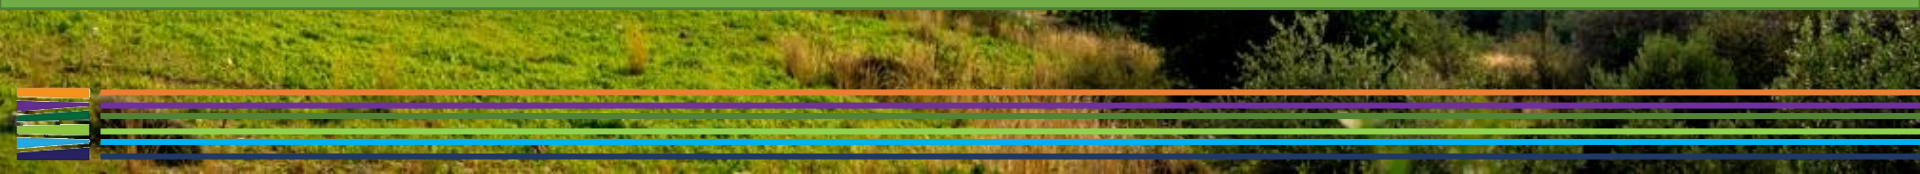

A lush green Mediterranean atmospheric corner that exudes elegance and cosmopolitanism.

The area is for many people the ultimate harmonization of **mountain** and **sea** and for this reason, is a tourist destination for many foreign and Greek visitors, that requesting a special getaway full of moments of enjoyment and relaxation, in the blue sea of Myrtoo overlooked by the majestic Parnon.

The last years, through the utilization of alternative activities (hiking, mtb, climbing), has developed a mild form of tourism, compatible with the tradition and culture of the area.

A typical example, the creation of **Leonidion Climbing Park**, which has attracted the interest of Greek and foreign climbers and also of endemic inhabitants.

The Leonidion Climbing Park implemented through the Local Program LEADER of Regional Development Company of Parnonas S.A., and with the contribution of Greek and foreign climbers, this project now includes over **1.050** routes and **56** climbing areas.

Today are implemented additional **220** routes and access trails, that will allow each visitor, novice or experienced, to climb safely on routes of various difficulties (4-9a) with unquestionable view.

1st Project: 140 climbing routes, trails, webpage, guide and festival

Total cost: 40.000€

2nd Project: 220 climbing routes, trails, webpage (update), guide (update), press releases, advertisements

Total cost: 56.000€

Leonidio, linked to its impressive **250 meter** high slope. The “**Red Rock**” has established itself as one of the best climbing destinations. We are blessed with a particularly mild climate, intense but usually short rainfall and long periods of sunshine.

The contribution of all the people, especially climbers, who believed and still develop this "rock" dreamy idea was awarded by the **Council of Europe** and the **European Union** as one of the pioneering and innovative "**Good Practices**" of all the Municipalities of Greece!
